Dear Congregational Members and
Friends of Oak Bay United Church,

It is almost three years since we embarked on a campaign to raise money to begin rebuilding the Sanctuary at OBUC. Your gifts enabled us to begin the first phase of the work. Some gave large initial gifts and many are still honouring pledges of weekly or monthly gifts. We were able to complete the basic work on the roof and much of the seismic stabilization process during 2008. This year we have been able to resume work with money in hand, with your continuing financial support of the Building Fund, and with a small mortgage. We should be able to complete basic occupation requirements by the end of 2009 or early 2010.

However, in order to bring our Sanctuary back to its full potential and its aesthetic grandeur, we must consider the provision of a number of items which may not be included in the original budgets. We are therefore asking that you might consider providing one of the following as an outright gift, as a memorial to a loved one, as a special gift or bequest, or as a group project with family, friends or activity group.
